1. All comes and all is and all is here and it's here now. All I have promised is here and it's here now, and even at your door. I love you. All is and all is here and it's even here now with you for I am here. I am here now and all is well and the turbulence you feel and see is not of Me, but in My hand. **I have all things in My control though many things I don't control**: I let, I let and they choose and the systems set forth are of Me.

2. I cataclysmically grave clothe many now who in grave clothes are, sackcloth and ashes not; but yea, through death having come, died; died to self, died to their self will, died to the exaltation of self, to worry, exalting their resources over Mine. I love you and I give you Me.

3. And **many now come forth in grave clothes not, but come forth stripped of only that which has held them back to now enjoy the freedom of who I am, who I designed them to be, operating with My aplenty, My abundance, more than enough in relationships, fortitude, tenacity, and time which doesn't matter at all, transcending time, time portals of only Me.**

4. See Me in what I have said and what I say and what I reveal and what I come to you now in and what I come forth in, for all is ready and your chariots await. Your men and your women who come forth now to lift My body, to elevate them, to shine them, to polish them; yea, to be them and being them, be Me.

5. Watch Me. All comes forth, all is ready, the table is set and spread. All that I have is thine (1); all that you are is Mine. I bequeath My all to you now in life and living this moment; and yea, henceforth and forevermore, non-ending life in Me, abundantly.

6. See what I have said, see how much more I want to give and how flow, flowing for hours, I will; restricting Me not, please let Me flow. Let Me speak, let Me give intuition not, deductions not; but facts and figures and faces and revelation and conversations and transcripts; and yea, meeting Me, being Me with Mine as it happened; yea, I watch and I wherefore and I whence and I hence and I hear and I hold your heart in My hand and I answer with all of Me and I give you My all.

7. Come to My, come to Me, now, come to Me My beloved; yea, more, even more, so much more. Feel My presence, My warmth, My words, My wrath not, My mercy, equity and judgement pure and everlasting, eternal fire. I love you. Where the worm dieth not, you go not. You go to experience all I did, said, being Me replete in victory, triumph and giving My body gifts (2). Amen.

8. I come to you before morning again and I give you more and more, pouring out My love, showering you internally, externally, penetratingly, permeatingly with My

affection, My love, My all together loveliness; you and Me and Me and you, us together, all together one.

9. See what I have said, grasp Me, grasp in Me and let not this word go; keep it upon our lips. You and Me in secret not but before all the world to see and feel and know that I live, and that I live in you, My lover, My friend, My loving kindness displayed and displaying and becoming ever more so Me, and into My body, in your wake preparing, heralding My Covenant new and everlasting, beyond the thoughts of imagination of mere men, man's mind; but given wholly to My Mine. I love you. Graciousness, glory, and beauty. Amen.

10. All that I have is thine and all that you are is Mine.
I am thine and all that I am you are.
I bless you.
I caress you.
I strengthen you.
I fortitude and tenacity you.
I focus and direct.
And I yield, I yield, I yield to your wants and honor you for wanting only Me, My stanchion. I love you.
My beam-bridger, bridge-maker, bringing all into My hand.
Thank you. I give you Me.

11. Think it not strange who comes, who leaves, the cost paid to attend.
Think it not strange who cannot pay the cost, who will not stay.
Think it not strange and leave all failures and failures-thought to Me.
My glory extends, transcends, is merciful, intrepid not. I love you.
I give you Me and I give you all of Me.

12. And all of My resources are yours and there is nothing that I have withheld from your lips, your words Mine. I love you. I give you Me, I give you all of Me.

13. All I have said is true and everlasting.

14. All is, all is now in your hand, replete and more coming and every country opens to My Mine; every country, every nation; nation-makers of only Me entering, receiving, building bridges to every thought-cult and every label, of every no-label, label-less and refusing to be labeled. I love you.
Door openers, I love you.
Encouragers, I love you.
Condemners I condemn.
I love you. I give you Me, all is well.

15. My soul yearns for more time with you; think it not strange, for more intimate we will be. See, see, be. Thank you.

16. She is in My hand and worry not. Non-deleterious. Magnanimousity coming forth: bondage breaking and breaking bondages in many. Watch Me.

17. I have given you My request. I have answered My request in you that you receive, that you received in death, wanting only Me, exalting you none, all and only Me. Thank you. I give you Me, I give you all of Me, all I have promised is in your hand. Amen. Good day. Good night.
